

Housing Case Studies

Have you a housing story to tell – good or bad?

Disability Action is currently looking for disabled people or carers to tell us their housing story. The aim of the research is to capture the genuine experiences of disabled people when trying to find or adapt accommodation to meet their needs.

The findings will be presented to the Northern Ireland Housing Executive to try to remove some of the barriers encountered by people with disabilities in accessing suitable housing. Please tell us your story about finding accommodation, adapting accommodation or any other experience you want to share with us.

We need your help!

You can take part in the research in a number of ways:

- You can fill in a questionnaire survey
- We can talk to you on the telephone
- You can complete your story on-line by accessing our website www.disabilityaction.org/housing
